Test Case Module 4.2

For each test, the developer should: provide a test description, a test objective, the developer name and date tested. For each step, fill out the actions to be taken and describe the expected results, and indicate yes or no for each step depending upon the result. The peer tester should provide their name, date tested, indicate yes or no for each step depending upon the result, and a screenshot (thumbnail) of the result.

Test Case Module 4.2

Test 1	Create New ToDo Task Item			
	Test Objective: Verifies input data meets requirements	Developer: Date tested: <yyyy/mm/dd>	Peer tester: Jacob Ambrose Date tested: 2024/09/02

Test 2	View a List of ToDo Task Items			
	Test Objective:	Developer: Date tested: <yyyy/mm/dd>	Peer tester: Jacob Ambrose Date tested: 2024/09/02	
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail
1	Navigate to the URL: Todo Application .	Website Loads to Todo App	<yes >	<yes > 
2	Review Todo list items	Items show as visible on the todo list	<yes >	<yes >

Test Case Module 4.2

				<div><h3>Todo List</h3><ul style="list-style-type: none">Attend 2PM meetingSchedule meeting with JimOnboard new sales team membersSubmit updates to sales managerEmail quarterly updateMobile app launch</div>
Comments	Navigating to URL provided for to do app will lead users to the loading page. No bugs/issues are present upon loading and viewing of the landing page. There are 6 pre-determined tasks uploaded to app upon users visit that are able to be removed/edited.			

Test Case Module 4.2

Test 3	Edit a ToDo Task Item			
	Test Objective:	Developer: Date tested: <yyyy/mm/dd>	Peer tester: Jacob Ambrose Date tested: 2024/09/02	
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail
1	Navigate to the URL: Todo Application .	Website Loads to Todo App	<yes >	<yes > 
2	View Todo list	Todo list items are visible on the page	<yes >	<yes >

Test Case Module 4.2

				<div><h3>Todo List</h3><ul style="list-style-type: none">Attend 2PM meetingSchedule meeting with JimOnboard new sales team membersSubmit updates to sales managerEmail quarterly updateMobile app launch</div>
3	Select the Edit button	Task item opens in text form	<yes>	<yes >

Test Case Module 4.2

				<div><h3>Edit Form</h3><p>Task</p><p>Attend 2PM meeting</p><p>Save</p></div>
4	Add text to Todo task	New text is added to input field	<yes >	<yes > <div><h3>Edit Form</h3><p>Task</p><p>Attend 2PM meeting on Tuesday</p><p>Save</p></div>
5	Click save	Task appears on Todo list with new text	<yes >	<yes >

Test Case Module 4.2

				<div>Todo List</div> <div>Attend 2PM meeting on Tuesday</div>
Comments	Clicking the pencil icon will lead users to an edit form where they can update task. No bugs or issues noticeable upon load, but there is no "x" button or escape/cancel alternative if users change their minds about editing the task. Tasks are able to be saved and to do list will update. Important to note that edit form can and will save blank tasks.			

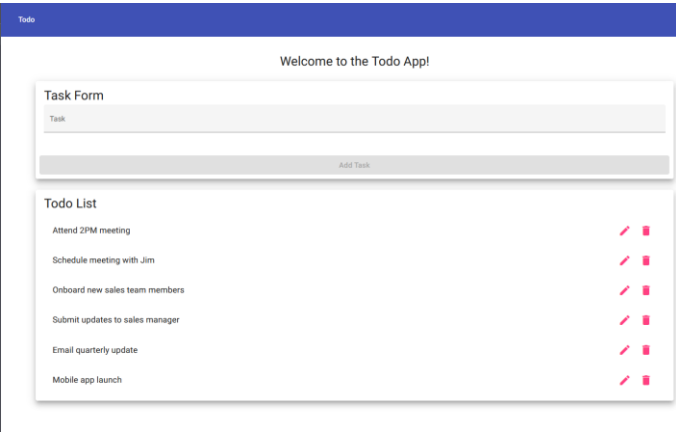

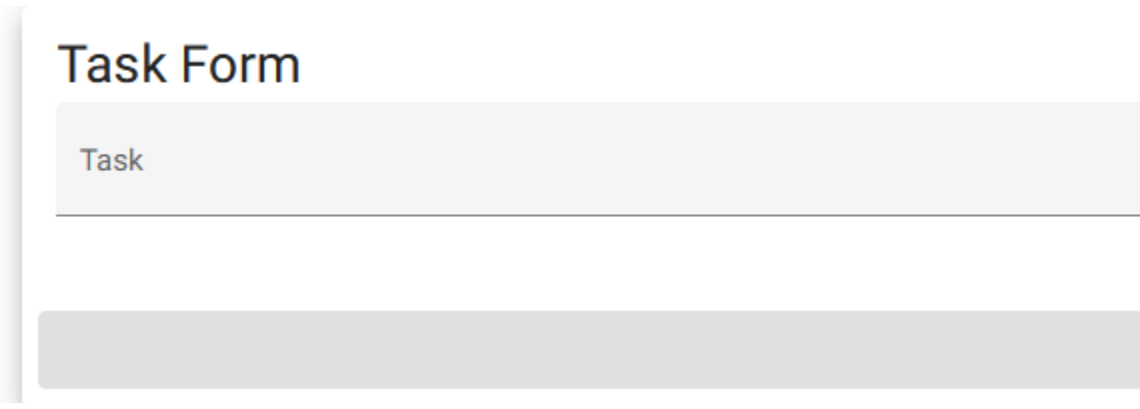

Test 4	Delete ToDo Task Item			
	Test Objective:	Developer: Date tested: <yyyymm/dd>	Peer tester: Jacob Ambrose Date tested: 2024/09/02	
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail
1	Navigate to the URL: Todo Application .	Website Loads to Todo App	<yes >	<yes >

Test Case Module 4.2

				
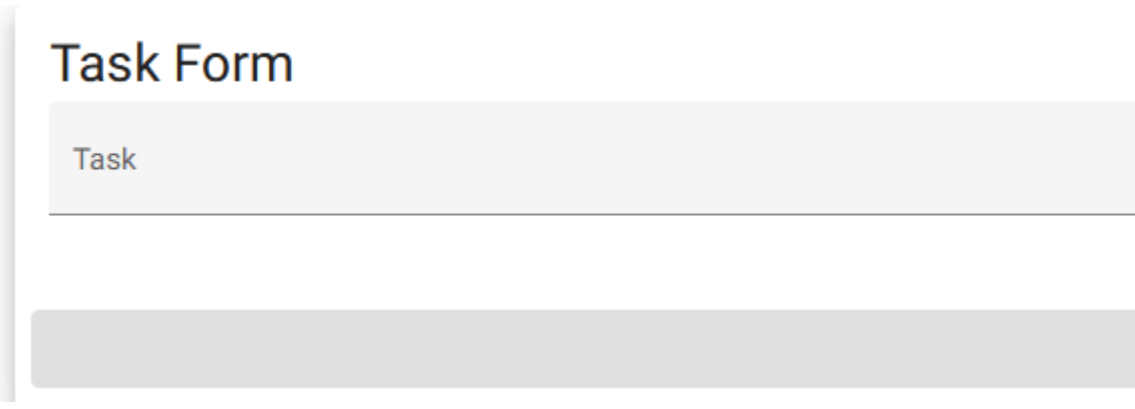

2	Click the Trash icon in the Todo list	Task disappears from the Todo list	<yes >	<p><yes ></p> 
Comments		Upon clicking the trash can icon tasks are removed from the todo app. Subsequent tasks are moved up to take its place, no noticeable issues or bugs upon deleting tasks.		

Test 5	Prevent Empty Task Item Submission		
	Test Objective:	Developer : Date tested:	Peer tester: Jacob Ambrose Date tested: 2024/09/02

Test Case Module 4.2

		<yyyy/mm/dd>		
Step	Action	Expected results:	Developer pass/fail	Tester pass/fail
1	Navigate to the URL: ToDo Application .	Website Loads to Todo App	<yes >	<yes > 
2	Click "Add Task"	Nothing happens	<yes >	<yes > 

Test Case Module 4.2

3	Look for empty task in Todo list	No new or empty Task in todo list	<yes >	<yes >	
Comments	<p>After navigating to provided URL users are presented with the appropriate to do activities. Add task button is greyed out and not usable unless at minimum 4 characters are entered into the text box. It is important to remind that per edit task comment in previous test case that editing a task can and will allow users to enter a blank task. See image below</p> <div> <div> <div>Todo List</div> <div> <div>Schedule meeting with Jim</div> <div>   </div> </div> </div> <div> <div>Schedule meeting with Jim</div> <div>   </div> </div> </div>
